

MARCH UPDATE

Hi friends and family in Christ! Hope you are doing well since the last time we spoke. Ministry at church has been somewhat 'ordinary' since December, there are new people at church every week, and it has become a routine that every week's schedule is never the same. It is so beautiful to see how God works extraordinarily in the ordinary using ordinary people like me to testify His gospel.

So, let me tell you a few interesting things that I did with my work in the past 3 months. Every Thursday afternoon, I will go out with our full-time evangelist to do outreach to the local area, sometimes we will do some door knocking, or we'll get a camera and do street interviews about Christianity. We also had been meeting with a Jehovah Witness called Hugh, the meetings are fantastic, we get to go very in depth into the Bible (Greek and Hebrew) and I certainly have learnt a lot. Although every meeting so far as ended with 'agree to disagree', but we'll keep going and please pray for our meetings.

Surprisingly we still get so many new Coventry and Warwick Uni students coming in the middle of the year. Many of them are in different stages of their walk with Jesus, but it has been super encouraging to see a few new ones get stuck in so quickly and are so eager to learn more. Please pray for 2 students called Rosa and Becky, as I am typing I am praying eagerly for them to be saved, please pray that God will grant them repentance and faith.

I have also been given more opportunities to lead church services and speak at an evangelistic event, it is honestly a great privilege to serve in this way. Please pray that I will continue to grow in grace and knowledge of our Lord and Savior Jesus Christ.

*"...and to **know** the love of Christ that **surpasses knowledge**, that you may be filled with all the fullness of God."*
