

Worship Report - 2021

2021 was a year of continued uncertainty and restrictions regarding singing in church, but despite that Andrew and the wider worship team of musicians and singers continued to lead us faithfully with joy, dedication and enthusiasm week by week at both morning and evening services. They led and encouraged us with a blend of both old and new, as we worship together with psalms, hymns and spiritual songs.

The choir met together to practice for Christmas for the first since our last practice in March 2019. We had missed meeting together, so we joined our voices together with great excitement and joy, and maybe a few uncertain notes! Choir is so much more than singing together, we share a true bond of love and friendship for each other. Each practice began as always with a time of prayer, a special time together as we prayed for each other. We practised, not knowing if we would be able to sing together at the services or if we would need to record beforehand. In the end we had to record as we needed so much space to sing together safely. We are very grateful to the Tech team for all they do to support the worship team each week.

A special thanks to Andrew for his faithful service leading the worship team and choir; we are blessed to have such faithful musical servants in our congregation.
